February 22, 2018, Napa, CA — For the past 30 years, the Active 20-30 Club of Napa has hosted an annual Easter Egg Hunt at Kennedy Park. With this event, the club provided children with an Easter egg hunt, games, face-painting, balloon animals, and partnered with local organizations to provide professional photos with the Easter Bunny, courtesy of Victor M. Samuel Photography, meet and greets with members of the Napa Police Department and Napa Fire Department, as well as a book giveaway, provided by Friends of the Napa Library. Over the years, the event grew, with its highest attended event reaching over 1,000 youth and their families in 2017. It was this same year that the Active 20-30 Club of Napa first partnered with ParentsCAN, a Napa-based nonprofit providing hope and guidance for families of children with disabilities, regardless of the degree or severity of the disability, to create a new section of the hunt dedicated to children with special needs.

The Club's mission is to provide young adults with an opportunity for personal growth, friendship, and leadership development while improving the quality of life for the special needs of children in its community. In an effort to focus on events and activities that better align with its mission, the Active 20-30 Club of Napa has decided to discontinue hosting this event, so it can partner with ParentsCAN on a new event. The Active 20-30 Club of Napa would like to thank the

community for its longtime support of the Easter Egg Hunt and hopes to work with other nonprofits to transition ownership of the annual Easter Egg Hunt to ensure its return in the future.

About the Active 20-30 Club of Napa
